

Train – the – Operators course in Greece !

On 19/11/2025 and 28/11/2025, ACHADE as a partner of the FARM'IN project under the ERASMUS+ programme, carried out the first “Train-the-Operators” trainings for Social Farming Operators and the next session will be scheduled soon.

The trainer, Mr.Georgios Papachristopoulos, together with Mr.Georgios Grapsas from ACHADE, presented topics such as the concept, origins, and history of Social Farming, cases from other countries, as well as methods for integrating vulnerable groups into the work environment.

The free training took place in person at the Achaia Chamber of Commerce hall, 89–91 Agiou Andreou Street and online in real time via Zoom. Further information about the next training activity will be published soon.

Train – the – Operators course in Slovenia !

Between October 2025 and January 2026, Pribinovina d.o.o., as a partner of the FARM'IN project under the Erasmus+ programme, implemented the Training for Operators in Slovenia, involving 20 participants from organisations active in social farming and social inclusion. The training programme was based on the training modules developed within the FARM'IN project and covered key topics such as the principles of social farming, inclusive practices, working with vulnerable groups and sustainable approaches in social farming. The training was delivered through a series of structured sessions combining face-to-face learning in dedicated training spaces and supported by project training materials. The course was implemented at Korenika Eco-Social Farm (Šalovci) and at the premises of Mozaik – Association for Social Inclusion (Murska Sobota). Further information about project results and follow-up activities will be shared through the FARM'IN project channels.
